

Lotio Sept Basic

Product information

Product description

Lotio Sept Basic is a ready-to-use, alcohol-free product for hygienic hand disinfection and hand washing.

Area of application

It can be used in all fields of human hygiene, is easy on the skin and contains aloe vera.

Instructions for use

For hygienic hand disinfection, clean and dry hands before disinfecting. Apply a sufficient amount of liquid into the hands and rub in while maintaining a exposure time of 60 seconds. For hygienic hand washing – using the pump bottle/foamer – moisten the hands with water. Rub 6 pumps from the foamer into the hands. Maintain an exposure time of 60 seconds. Wash off the Lotio Sept Basic and dry hands thoroughly. For professional use only.

Lotio Sept Basic

Product information

Medical device class

no medical device

Biocide registration number

N-87461

Use biocides safely. Always read the label and product information before use.

Composition

The active ingredients contained in 100 g are:

- 0,8 g Didecyldimethylammonium chloride
- 0,5 g 2-Phenoxyethanol

Chemicophysical data

- Colour colourless
- Appearance opaque
- State liquid
- pH-value (20°C) 5 - 6
- Density (20°C) 0,9943 - 1,0043 g/ml

Storage and shelf life

Shelf life

36 months

Shelf life after opening

12 months

Carefully reclose container after each use.

Storage environment requirements

Store the product tightly closed in a well-ventilated location and protect it against unauthorised access. Observe the following storage temperature limits.

Description	Unit	Value
Temperature limits for short-term storage (min. - max.)	[°C]	0 - 40 ¹⁾
