Virucidal effective  
in **30** seconds!

# OpSept **VIRUGON**®

Applicable in all areas with increased risk

**DrDeppe**

## Our recommendation for your infection protection

**Hands are the most frequent carriers of pathogens.**

**Consistent hand hygiene and the wearing of gloves are the most important measures for a professional infection prevention.**

### To whom infection protection is obligatory?

Here it is worth taking a look at §23 of the infection protection law (IfSG). There it is regulated which facilities have to follow the guidelines described there.

## Hand washing

### Lotio Med Sensitive Professional & Care

Lotio Med Sensitive Professional & Care is a liquid soap that gently cleanses the skin thanks to its mild detergent surfactants. In addition, it was developed without perfume, colourings and sulphates. The liquid soap combines skin care and cleansing, leaving the skin feeling soft and smooth. Lotio Med Sensitive Professional & Care is suitable for daily, mild cleansing of the skin, it is skin-friendly and dermatologically tested, as well as free from sulphate, perfume, colourings, allergens, parabens, alcohol and paraffins/petroleum oils.

## Disinfection

### OpSept VIRUGON®

OpSept virugon® is a ready-to-use, alcoholic, lipid-regulating, and dermatologically tested perfume-free disinfectant for hygienic and surgical hand disinfection. Due to its low alcohol content, it is very well tolerated by the skin when used frequently.

## Care

### Lotio Protect Professional & Care

Lotio Protect Professional & Care is a skin protection cream that is ideally suited for the care sector. The water-in-oil emulsion provides protection for the skin by forming a breathable skin barrier and thus protecting it from external influences. Once the cream is sufficiently applied to the skin, it is quickly absorbed and does not leave a greasy film. Lotio Protect Professional & Care contains vitamin E, panthenol and calendula extract, it is skin-friendly, dermatologically tested, and it is free from parabens, silicones, polyethylene glycol, paraffins, allergens and alcohol.

# Ordering information

## Hand washing with mit Lotio Med Professional & Care – product range and specification

Item	Item number	Container size	Container type	Packaging unit
