

Lotio Sept Gel

Product information

Product description

Lotio Sept Gel is a ready-to-use, alcohol-based hand disinfectant gel for hygienic hand disinfection.

Area of application

For all areas with heightened hand hygiene requirements: Hospitals, physicians' practices, outpatient clinics, care facilities, industrial, commercial and laboratory areas, leisure and bathing facilities, and for mobile activities.

Instructions for use

Lotio Sept Gel is applied without adding water. Clean and dry hands before disinfecting. Apply a sufficient amount of hand sanitizer into the hands.

Keep hands moist for the entire exposure time and re-dose if necessary. For professional use only.

Lotio Sept Gel

Product information

Medical device class

no medical device

Biocide registration number

N-58596

Use biocides safely. Always read the label and product information before use.

Composition

The active ingredients contained in 100 g are
70 ml 2-Propanol

Chemicophysical data

Colour colourless
Appearance clear
State gel
pH-value (20°C) 6,6 - 7,6
Density (20°C) 0,8740 - 0,8870 g/ml

Storage and shelf life

Shelf life

36 months

Shelf life in opened container

12 months

Carefully reclose container after each use.

Storage environment requirements

Store the product tightly closed in a well-ventilated location and protect it against unauthorised access. Observe the following storage temperature limits.

Description	Unit	Value
Temperature limits for short-term storage (min. - max.)	[°C]	0 - 40 ¹⁾
Ambient temperature for long-term storage according to shelf life (min. - max.)	[°C]	20 - 25

¹⁾ Short term storage (max. 24 h) up to max. 40 °C has no effect on the effectiveness of the product.

Disposal

Disposal must be carried out in accordance with applicable national and local regulations. Please also note the information from the Material Safety Data Sheet.
