

# Spray Off

## Product information

### Product description

Spray Off is a liquid ready-to-use, alcoholic and aldehyde-free surface disinfectant.

### Area of application

For the disinfection of alcohol-resistant surfaces in the patient environment, in clinics, practices, outpatient departments, and care areas, as well as in industry and public facilities. Excluded are surfaces of instruments, semi-critical and critical medical devices.

### Spectrum of activity

- bactericidal (incl. MRSA), yeasticidal
- fungicidal
- active against enveloped viruses (incl. HBV, HIV, HCV, vaccinia-, influenza- and corona-viruses)
- limited spectrum of virucidal activity (incl. noro-, rota-, adeno-viruses)
- virucidal effective against Polyoma SV-40
- virucidal

### Instructions for use

The ready-to-use product is preferably to be used in the wiping method using a disposable wipe. Spray disinfection should preferably be limited to areas that are not reachable by wiping disinfection. When using the spray method, it should be combined with wiping method. It is important to keep the surface to be disinfected moist throughout the entire contact time to achieve effectiveness.

# Spray Off

Product information

## Medical device class

IIa

## Biocide registration number

N-91345

Use disinfectant safely. Always read the label and product information before use.

## Composition

The active ingredients contained in 100 g:

63.50 g Ethanol

0.05 g Didecyldimethylammonium chloride

## Storage and shelf life

**Shelf life**

36 months

**Shelf life after opening**

12 months

Carefully reclose container after each use.

Store the product tightly closed in a well-ventilated location and protect it against unauthorised access.

## Exposure times

Spray Off		condition		norm	expo- sure time
		dirty	clean
